Extract from the tour notes of the 2nd member of
Council with dists of Katus & Shenioka during May & June
1919 ~~to~~

Narismitthavagaput

The people suggested the establishment of a saw-mill and
oil factory & a paper pulp factory at Tadana as a
means to provide occupation to the unemployed lower
classes whose condition I observed during my inspection
deplorable. I can not say ~~that~~ ~~whether~~ whether the
starting of the particular industries at the place suggested is
feasible. But the finding of some form of employment
which assures a steady income to the poor labourers in
this part of the island is a matter of urgent necessity.
The Mr. D. D. may be asked to investigate the
question & submit proposals as early as possible.

B A N G A L O R E.

Sir,

With reference to your letter No. G. 21083 San: dated the 12th March 1920 re: the feasibility of establishing a Sandalwood Factory and a Paperpulp Factory at Thadasa, I have the honor to forward herewith a copy of letter No. G. 1.1075 dated the 21st ---- February 1920 received from the Director of Industries and ----- Commerce in Mysore stating that there is no use in starting a -- Sandalwood Oil Factory at Thadasa as the Government Factories at Bangalore and Mysore are capable of taking in the whole of the State output of Sandalwood.

2. As regards the Paperpulp Factory, I am addressing the - Secretary to the Industries and Commerce Board, Bangalore, as to how the report of the Special Forest Officer, referred to by the ----- Director of Industries and Commerce, has been disposed of.

I have the honor to be.

Sir,

Your most obedient servant,

M. S. Ramiah

For Deputy Commissioner and
Chairman, M. I. Committee.

Letter No. G1:1075 dated the 21st, February 1920 ~~received~~ From
the Director of Industries and Commerce in Mysore, Bangalore, to the
Deputy Commissioner and Chairman, Malnad Improvement Committee, Kadur
District.

With reference to your letter No. M.I.C. 109/19-20 dated 8.2.20
I have the honor to state that there would be no use of establishing
a Sandalwood Oil Factory at Thadasa in view of the fact that Govern-
ment themselves are engaged in developing their factories at Mysore
and Bangalore and which are capable of dealing with the State's ---
output of Sandalwood.

As regards the Paperpulp Factory, some preliminary investigations
gations have been made by the Special Forest Officer, Mr: Rama Rao, and
on his retirement, I understand the papers have been referred to the
Secretary, Industries and Commerce Board, Bangalore, I would suggest
your addressing that Officer on the subject and press for the location
of the Factory at Thadasa in case a Government Factory is to be started
or to let you have the full report on the subject to enable you to --
enlist the co-operation of the local capitalists in the formation of
a syndicate to develop the scheme.
